updated with nearly forty new selections to reflect the tremendous growth and transformation of scholarly theological and

activist religious environmentalism the second edition of this sacred earth is an unparalleled resource for the study of religion's complex relationship to the environment

matthew fox a 76 year old elder activist and spiritual theologian along with skylar wilson a 33 year old wilderness guide leader of inter cultural ceremonies and an event producer and jennifer berit listug a 28 year old writer spiritual leader and publicist are presenting a challenge and an opportunity in the vision launched in this modest book that vision is about creating an order of the sacred earth essay contributors to the book and its vision include mirabai starr brian thomas swimme adam bucko and david korten

twenty years of photographs by photographer and anthropologist martin gray accompanying each photograph is commentary that takes us into the history mythology and spiritual magnetism of the particular place jacket

Öffentliche debatten zeigen die relevanz von religion für das verständnis von genderrollen aber auch von gendervorstellungen für das erforschen von religion auf der einen seite bilden geschlechtskategorien eine grundlage für religionen auf der anderen bieten religiöse traditionen legitimierungen für die bestimmung von geschlecht das handbuch widmet sich mit einem interdisziplinären blick diesen komplexen verknüpfungen

a leading spiritual teacher reveals how celtic spirituality listening to the sacred around us and inside us can help us heal the earth overcome our conflicts and reconnect with ourselves

some people see religion and morality as undeniably connected others see them as irreconcilably separate paul diener's accessible new book looks at the connection between these two concepts and examines how various religious and philosophical systems understand morality

what do we talk about when we talk about religion is it an array of empirical facts about historical human civilizations or is religion what is in essence unpredictable perhaps the very emergence of the new in what ways are the legacies of religion its powers words things and gestures reconfiguring themselves as the elementary forms of life in the twenty first century given

the latin roots of the word religion and its historical christian uses what sense if any does it make to talk about religion in other traditions where might we look for common elements that would enable us to do so has religion as an overarching concept lost all its currency or does it ineluctably return sometimes in unexpected ways the moment we attempt to do without it this book explores the difficulties and double binds that arise when we ask what is religion offering a marvelously rich and diverse array of perspectives it begins the task of rethinking religion and religious studies in a contemporary world opening essays on the question what is religion are followed by clusters exploring the relationships among religion theology and philosophy and the links between religion politics and law pedagogy is the focus of the following section religion is then examined in particular contexts from classical times to the present pentacostal revival leading into an especially rich set of essays on religion materiality and mediatization the final section grapples with the ever changing forms that religion is taking such as spirituality movements and responses to the ecological crisis featuring the work of leading scholars from a wide array of disciplines traditions and cultures religion beyond a concept will help set the agenda for religious studies for years to come it is the first of five volumes in a collection entitled the future of the religious past the fruit of a major international research initiative funded by the netherlands organization for scientific research

explores traditions that perceive the earth as a reservoir of spiritual energy discussing creation myths and earth goddesses sacred and mystical sites and the deities and spirits believed to inhabit natural features

a leading spiritual teacher reveals how celtic spirituality listening to the sacred around us and inside of us can help us heal the earth overcome our conflicts and reconnect with ourselves john philip newell shares the long hidden tradition of celtic christianity explaining how this earth based spirituality can help us rediscover the natural rhythms of life and deepen our spiritual connection with god with each other and with the earth newell introduces some of celtic christianity s leading practitioners both saints and pioneers of faith whose timeless wisdom is more necessary than ever including pelagius who shows us how to look beyond sin to affirm our sacredness as part of all god s creation and courageously stand up for our principles in the face of oppression brigid of kildare who illuminates the interrelationship of all things and reminds us of the power of the sacred feminine to overcome those seeking to control us john muir who encourages us to see the holiness and beauty of wilderness and what we must do to protect these gifts teilhard de chardin who inspires us to see how science faith

and our future tell one universal story that begins with sacredness by embracing the wisdom of celtic christianity we can learn how to listen to the sacred and see the divine in all of creation and within each of us human beings are inherently spiritual creatures who intuitively see the sacred in nature and within one another but our cultures and at times even our faiths have made us forget what each of us already know deep in our souls but have learned to suppress sacred earth sacred soul offers a new spiritual foundation for our lives once centered on encouragement guidance and hope for creating a better world

pilgrimages can be analysed as acts of conflict such as the crusades or also as platforms for relationship building and rapprochement between religions with a set of contributions from leading experts in the field this book explores the concept of pilgrimage in christianity judaism and islam some specific examples of pilgrimages that helped to strengthen links between different religions or civilisations are explored ranging from europe to asia and from the middle ages to the twentieth century even though every pilgrimage that is investigated here has helped to link different worlds the case studies show that this relationship rarely led to a better in inter understanding nowadays peaceful coexistence seems to be its greatest achievement

a prominent scientist and scholar documents and explains the thoughts actions and legacies of spiritual ecology s pioneers from ancient times to the present demonstrating how the movement may offer the last chance to restore a healthy relationship between humankind and nature an internet search for spiritual ecology and related terms like religion and nature and religion and ecology reveals tens of millions of websites spiritual ecology a quiet revolution offers an intellectual history of this far reaching movement arranged chronologically it samples major developments in the thoughts and actions of both historic and contemporary pioneers ranging from the buddha and st francis of assisi to wangari maathai s green belt movement and james cameron s 2010 epic film avatar this foundational book is unique in that it provides a historical cross cultural context for understanding and advancing the ongoing spiritual ecology revolution considering indigenous and asian religious traditions as well as western ones most chapters focus on a single pioneer illuminating historical context and his her legacy while also connecting that legacy to broader concerns coverage includes topics as diverse as henry david thoreau and the green patriarch bartholomew s decades long promotion of environmentalism as a sacred duty for more than 250 million members of the orthodox church worldwide for more information visit [spiritualecology.info](http://spiritualecology.info)

placing native american spirituality in the context of the world s great religions sacred earth contrasts contemporary society s arrogant belief in its own power with native traditions of reverence for the earth this eye opening journey through the terrain of native american spirituality is an urgent call to rediscover and become firmly grounded on the sacred earth again

there has been a proliferation of publications in the field of christian ecological theology over the last three decades or so these include a number of recent edited volumes each covering a range of topics and consolidating many of the emerging insights in ecological theology the call for christian churches to respond to the environmental crisis has been reiterated numerous times in this vast corpus of literature also in south africa

a leading scholar cultural historian and catholic priest who spent more than fifty years writing about our engagement with the earth thomas berry possessed prophetic insight into the rampant destruction of ecosystems and the extinction of species in this book he makes a persuasive case for an interreligious dialogue that can better confront the environmental problems of the twenty first century these erudite and keenly sympathetic essays represent berry s best work covering such issues as human beings modern alienation from nature and the possibilities of future regenerative forms of religious experience asking that we create a new story of the universe and the emergence of the earth within it berry resituates the human spirit within a sacred totality

in a time of darkening environmental prospects frightening religious fundamentalism and moribund liberalism the remarkable and historically unprecedented rise of religious environmentalism is a profound source of hope in a greener faith roger s gottlieb chronicles the promises of this critically important movement illuminating its principal ideas leading personalities and ways of connecting care for the earth with justice for human beings he also shows how religious environmentalism breaks the customary boundaries of religious issues in political life asserting that environmental degradation is sacrilegious sinful and an offense against god catapults religions directly into questions of social policy economic and moral priorities and the overall direction of secular society gottlieb contends that a spiritual perspective applied to the earth provides the environmental movement with a uniquely appropriate way to voice its dream of a sustainable and just world equally important it helps develop a world making political agenda that far exceeds interest group politics applied to forests and toxic incinerators

rather religious environmentalism offers an all inclusive vision of what human beings are and how we should treat each other and the rest of life gottlieb deftly analyzes the growing synthesis of the movement s religious social and political aspects as well as the challenges it faces in consumerism fundamentalism and globalization highly engaging and passionately argued this book is an indispensable resource for people of faith environmentalists scholars and anyone who is concerned about our planet s future

reflecting current trends and research interests in the field this introduction explores key writings from both the western theistic tradition and from non western non theistic sources
